

News From Your TOWN HALL

The new Town Commissioners were duly installed Wednesday night after the "old" Commission had cleared its decks of accumulated matters. Judge Tedder administered the oaths.

In announcing the results of the election for Commissioners no official mention was made of the five names written in. As there was no designation as to which group these names were intended the votes were not officially counted.

L. Shuler and Amy Shuler are large property owners who have made a place for themselves in the community and know that place. They enjoy the respect of those who know them.

At the organization of the new Commission, J. K. Baker was re-elected Mayor. No Committees were named, but will be ready for the next meeting, it is understood.

A general discussion was had concerning the immediate steps to be taken on the water extension and enlargement.

Town Attorney Beck was instructed to proceed immediately with the necessary legal steps towards the issuance of the bonds. The employment of an engineer will be taken up immediately.

There was an application for a permit to build a swimming pool in negro town 40x40 and it was intimated that private capital would own and operate it.

The question of issuance of several beer and wine and liquor licenses were discussed.

By resolution the Commission asked the Mayor to write to each of six civic organizations thanking them for the excellent record made in the vote. These organizations successfully got out a higher percentage of qualified voters than ever before has voted in any Town election.

Swimming Pool Permit Asked Of Commission

Yes, it looks like we are to have a swimming pool in Belle Glade. An application for permit to build a concrete pool was granted Wednesday night.

The pool is to be built according to the State Board of Health's requirements and of reinforced concrete. It will be close to 100 feet long and 25 feet wide.

Arrangements were discussed between the applicant and the Commission as to its operation, and it was decided to let the State Board of Health prescribe rules and regulations which it does anyhow.

The entire Commission applauded the movement and wished the promoters well, but left a sigh of disappointment that the first public swimming pool to be built in the town is for NEGROES.

Maybe the WHITES will get busy and build a Town improvement that is now ten years late.

A properly constructed and operated pool would pay for itself and contribute thousands towards other sports and playground equipment for the community.

19 Whites Leave For Camp Blanding

Five white boys left for the induction station and 14 for pre-induction examination Thursday morning.

Those to be inducted are Daniel William Colson, John Robert Davis, Julius Green, Everett Clayton Merrill, and Cecil Delman Burrell.

Those leaving for preinduction examinations are: Simpson Baker, Warren Edgar Barnes, Robert Tom Boland, Clyde Warren Chancey, George Lorenzo Conch, Bill John Henry Davis, Jeddie Driggers, Roy Raymond Hunt, Carl Clinton Marshall, John Benjamin Mills, Frank Walker, Shackford, John Henry Strayer, William Wallace Weeks and Rupert Earl Wingate.

Crowded Condition Teacher Shortage Has Prof. Humpin

15 Per Cent Increase In Early Registration Over Last Year's Figures

Belle Glade's crop of children is growing along with its water works, light meters, telephones, churches and Sunday schools.

Last year the end of the first month saw 544 registered pupils while the first day of classes this year finds 631 registered, with an indicated 630 or better for the peak this year.

The sixth grade has 49 pupils and must be divided, while other grades are increasing. A teacher must be found for the additional sixth grade pupils.

A Home Ec teacher must also be found to replace the one who was hired and didn't like the idea of teaching in a small town. A building is being brought down from Canal Point to be used as a band building and a band instructor has been found.

The new coach is here and has begun.

The PTA has brought furniture for the furnishing of the apartments and houses for the teachers, and a fund of more than \$300 has been provided by local subscription for the PTA to purchase kitchen utensils and dishes.

The following is the enrollment of Wednesday afternoon.

Belle Glade School
First grade, 63
Second grade, 39
Third grade, 60
Fourth grade, 60
Fifth grade, 39
Sixth grade, 49
Seventh grade, 50
Eighth grade, 35
Ninth grade, 43
Tenth grade, 45
Eleventh grade, 40
Twelfth grade, 25

Oceola School
First grade, 23
Second grade, 18
Third grade, 21
Fourth grade, 19
Fifth grade, 17
Sixth grade, 12
Total, 621

Be Sure Not To Hit Your Own Kid At School

Prof. Hobson reports that enthusiastic parents driving cars are a bit careless after they get their own kids in the car. A very serious accident was barely avoided this week by a mother in an automobile.

While the record throughout the United States is that more people are killed and injured at home by accidents than are killed and injured at the worldwide battlefield, he wants to prevent Belle Glade's quota from being taken from among his school pupils.

Unless more care is exercised by parents in driving for kids, they will be prevented from driving up to the school.

"Remember, the other kid has

They're All Over The Place

Registration Day In Belle Glade Schools

What Am I Going To Do With All Of Them?

a mother too, who doesn't want her kid run over by an automobile."

Two Rooms To Be Made In Old Auditorium

Joe Freeland has been commissioned to divide the old auditorium into two school rooms.

From somewhere there came an avalanche for the sixth grade giving 49 in the one room. This grade must be divided into two classes.

As an emergency, this is being done for these pupils actually on the rolls.

Two Teachers Needed

Prof. Hobson reports that he is badly in need of a sixth grade teacher and a Home Economics teacher.

There must be two sixth grade classes because one room now has 49 pupils.

A. H. Hays and E. teacher was employed and shortly after she arrived she decided that there were

not enough attractions in a small town for a wife and child. The Prof has to rustle up another one. He has a substitute until a regular teacher is secured—Mrs. Milligan.

Leader Secured For School Band

Mrs. Bobby Allum, formerly director of the Ft. Pierce band has been secured for the local school kids.

Mrs. Allum reports that there are a great number of pupils interested in the band and she expects to have them whipped into shape soon.

A building is being moved from Canal Point to one of the lots opposite the capture grounds where the band will be able to practice.

South Bay School Opens

The South Bay school opened on Monday with six teachers, when Miss Houseman, the new Demonstration Agent will attend

the first full meeting of the Home Demonstration Club which will be held at the club house on Thursday afternoon at 3:30.

Miss E. Murphy, eighth grade teacher, Mrs. Edith Ekman, sixth grade, Mrs. O. H. Martin, fifth grade, Mrs. Olga Hardy, third and fourth grades, Mrs. E. M. Parsons, Port Huron, Mich., first and second grades, 129 pupils registered last week and a few more registered the first of the week, 26 in the first and second grades, 28 in the third and fourth, 17 in the fifth and 18 in the sixth with 10 in the Junior High.

Mrs. Q. A. Keen is in charge of the cafeteria as she was last year and Mrs. Ekman is school manager of the cafeteria. Miss Ruth Anjima is bus driver and O. H. Martin is janitor and bus driver.

Demonstration Club Will Open Season

The first full meeting of the Home Demonstration Club which will be held at the club house on Thursday afternoon at 3:30.

when Miss Houseman, the new Demonstration Agent will attend

244 Votes Cast In The Proposed Bond Issue; 225 For Commissioners

FBI Conference in WPB Monday Night At 8 p. m.

Chief Jack Thompson and his West Palm Beach police force are sponsoring a barbecue and pistol shoot beginning at one p. m. Monday, September 18th, for police officers in this area who expect to attend a quarterly FBI conference Monday night at the George Washington.

It is hoped that all officers eligible will attend the FBI meeting and the pistol shoot and barbecue is Jack's inducement to surrounding fellow officers.

There was a gross qualified list of 321 freeholders registered. Nine are in the service; ten are away in war work; one is really sick; 25 were out of town and most of these on business; 32 were in town, or in the fields at work till too late, or because of indifference, forgetfulness or a "misery," didn't get around to voting. Seven out of town remembered the patriotic duty enough to cast absentee votes that is before they left. There are about 600 eligible boys from this community scattered to the four winds fighting like hell for the privilege of 57 people of Belle Glade to vote who think enough of it to take a little trouble.

There must be 20 or more freeholders who are eligible to register, who for one reason or another, didn't get around to doing it.

Out of a list of 48 qualified men voters, six were out of town and did not get to vote; out of a list of 47 women qualified voters, 8 didn't vote, and four of these were out of town.

The Women's Club, the Carpenters Union, the Legion, Rotary and Lions each had committees to whom a list of names of voters were given to see that they voted. The results—that is the high percentage of voters—speak for the good work done.

Water Commissioner Risk, with a wreath of smiles over the results of the voting Tuesday said "We're getting busy doing it. The first thing we must do, is to secure a reliable engineer, and as soon as his designs are complete get busy on priorities. We will go ahead just as fast as we can secure materials to make the necessary arrangements."

The two unopposed candidates The Town Commissioner, E. M. Van Landingham and C. W. McDonald, received 215 and 225 votes respectively.

Five names were written in and each received one vote for Town Commissioner.

Speculation, "head rumors" or snicker has it that dissatisfaction was the ruling motive in at least three of the votes. Two others might be construed as general dissatisfaction with the "powers that be."

Belle Glade High Coach

Former Pro Player To Coach Locally

He is married with one five year old boy; he is 5 feet eleven and weighs 186 pounds.

While coaching at Ferdinand, Mo. Cook made quite a record with his boys and girls basketball teams, winning the St. John conference title and coming runner-up, as well as winning the county championship.

Coach Cook expects to have the schedule filled entirely by next week when he will announce the season's games.

Prof. Hobson announces that the Athletic Association met on Thursday night and season tickets are expected to be offered for sale immediately.

Boy Scouts Hold Field Meet

Field Meet was held by local Boy Scouts at the city park Saturday afternoon and was attended by Scout Executive A. P. Patterson and Field Executive Bill Nissen of West Palm Beach.

his basic training at Chanute Field, Ill., and Seymour Johnson Field, N. C. His basic training with the Army Air Force was received at Miami Beach.

CPL. JULIAN C. ALBRITTON Corporal Albritton has been injured in action in France and now recovering in an Army hospital in England. He went overseas last Christmas and entered France with the first invasion.

His injuries are in his right arm and leg and it is believed that he is successfully recovering. Julian is the nephew of Mr. and Mrs. R. M. Hendry, Sr.

SSGT. BRUCE WILLIAMS According to a release just received from the United States Strategic Air Forces in Europe, Staff Sergeant Laurence Bruce Williams has been awarded the Distinguished Flying Cross and the Air Medal with three Oak Leaf Clusters. After completing 30 missions as a waist Gunner on a B-24 Liberator he is being allowed to return to the States for a well earned rest. He is the son of Mr. and Mrs. J. C. Williams, Jr., stationed in the South Pacific, and a daughter, Elizabeth, Seaman First Class of the WAVES, is stationed at Arlington Farms, Va.

CPL. BILLY TAYLOR Corporal Taylor writes from Egypt: "I got to see 'This Is the Army' in Cairo last week. The hospital Red Cross arranged it for us and sent us down in a big bus. It was at the very beautiful Royal Opera House. Was certainly a marvelous show. The boys in it really deserve a lot of credit. They put on a tremendous show and received a tremendous ovation at each performance. From here they are going to the Far East."

"It is interesting to note that the whole month of August was the Egyptian's Feast of Ramses. It is like our Christmas only from 7:30 at night until 7:30 in the morning they don't eat, drink, smoke or indulge in anything unbecomingly. The Moslems regard Ramses as the most important of their religious acts, but he must not fast the day."

The Williams have another son, Master Sergeant J. C. Williams, Jr., stationed in the South Pacific, and a daughter, Elizabeth, Seaman First Class of the WAVES, is stationed at Arlington Farms, Va.

Farm Independence
Eventually the day will come when government subsidies and political manipulation of agriculture will end. Farmers will not be sorry. They will again breathe the air of independence that made American farms the most productive in the world.

Government Generosity A Myth
Anyone who has been dazzled by the seeming benevolence of government during recent years, should talk to the farmers in Washington's apple producing center, the Wenatchee Valley. One of them, grown weary of unjust attacks of public ownership promoters on the private electric company serving his district, wrote a letter to a local editor, observing that: "When the big depression of the 30's came, irrigation districts and the county took over thousands of acres of orchards for back taxes and unpaid water assessments. But the . . . power company continued to stand by the growers. It did not run out on them."

"During those dark years, any grower who could not pay his power and light bill and laid his cards squarely on the table, continued to get power even though his bills had not been paid for three, four or five years—and more. . . . When the turn came growers began paying their back power bills but the company never did collect for all the power it delivered. . . . The power company took it on the chin along with the rest of us."

The fiction that private industry is completely selfish, while government is completely unselfish, is eventually to be revealed for what it is—fiction. Every man knows that if he fails to pay taxes, no matter how hard up he is, the tax collector will collect every dime, plus heavy penalties and interest, or sell his property.

Censorship Explodes
The decisive vote in Congress to repeal the Taft amendment, or Title Five of the Soldiers' Vote bill, comes as no surprise. The comedy of errors through which Congress attempted to keep the servicemen in a political vacuum, and the Army took such literal measures as banning some of the best and most provocative books of recent years from the camps, had of course to fall by its own clumsy weight.

We never supposed Senator Taft remotely dreamed that his amendment would result in "omitting from the list," as the Army delicately puts it, such books as Beard's "Republic." But Army would electioneer or that a man in uniform somehow lost his "sales resistance" to political discussion.

In any case, denial of information is not only non-democratic, it is anti-democratic. The basic provision for freedom of the press is paramount as a guarantee that all levels of the people shall have access to the raw material of fact from which they may form their own opinions in guiding policies of the government and in deciding to whom they shall entrust their consent to be governed.

The danger is never that the people (and especially soldiers) shall have too much information. The danger is always likely that they may have too little.

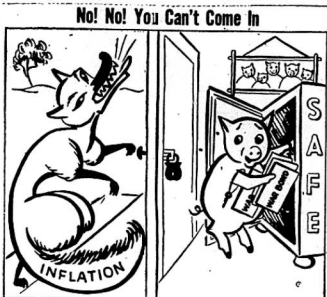

Good Plans—But
Various tax plans have been proposed in an effort to establish a Federal taxing system which would insure adequate governmental revenue and at the same time encourage the productivity of industries and individuals.

All of these plans have a common characteristic. They have been evolved by the best brains in this country and are constructive efforts to bring the monstrous problem of Federal taxation under control before it destroys the very freedom for which American men are fighting in every corner of the world. But—and there is a very large but—no plan will work unless the politicians and the people sincerely wish it to work. The old battle of class taxation, with group pitted against group, each seeking to unload taxes onto the other fellow, if continued will block any sane tax plan.

Industry Can't Do It All
The Brookings Institution warns that: "Permanent prosperity can be expected only if corporation executives and union officials follow price policies that make for high production. Unless productive capacity is aggressively used to produce more adequate consumers' goods that the masses have hitherto enjoyed, a popular demand for extensive government economic control is likely to arise."

Industry discovered long ago that charging all the traffic will bear does not pay. For proof of the soundness of the principle of high production combined with mass distribution at minimum prices, one has only to turn to the experience of the chain stores. This type of retail outlet has prospered by sticking to the simple policy of small unit profit on volume sales. In serving consumers, the chains served themselves.

Before the war mass production and mass distribution were instrumental in raising living standards to new levels. After the war, by helping to keep prices down, they can be instrumental in preserving the American form of Democratic government. The alternative to the abundance of mass production and

Buy an Extra War Bond for protection against the wolves of inflation.

mass distribution is rigid government control of chronic shortages which would automatically spell fins to freedom. But industry cannot guarantee maximum production unless it is backed up by intelligent governmental action.

It is to the direct interest of everyone in the country to advocate tax and regulatory policies which will encourage manufacturers and retailers to produce and distribute as never before in the history of the nation. Wartime controls should be minimized as rapidly as possible. They are a makeshift substitute for the free competitive system.

CINEMATIC CHAPTER

By Malcolm Miller
The fictitious Everglades Theatre this Sunday-Monday boasts not only a great cast but an immortal story that will live forever in the immortal song introduced at that time.

The story is "Ship On Harvey Moon," and the cast is headed by Ann Sheridan and Dennis Morgan and in the featured spots Irene Manning, Jack Carson, S. Z. Skall and Marie Wilson, is one of the best that Hollywood could provide.

These clever performers unroll the life story of one of the stages greatest stars of all time, Nora Bayes. It is a story filled with drama, thrills and romance and liberally sprinkled with the delightful song numbers of that gay period.

Tuesday-Wednesday brings a double featured program with the first picture up "Swing Out the Blues," listed in the cast are Boy Haymes, Lynn Merrick, The Vagabonds, Janis Carter, Tim Ryan, Joyce Compton, Edith Evanson, Kathleen Hume, and John Eldridge. Richard Elliott and Arthur Q. Brian. This one is listed as a comedy with music and I'm sure it will prove wholesome entertainment.

On the same program comes "Wings Over the Pacific" which

is a story of a man who is

just unloaded another car load of nice clean medium sized UPRIGHT PIANOS. These instruments were individually selected and all are of well known makes. The finish on many of them can scarcely be told from new. The actions are first class and the keys clean and white. Included were several fine self players and we have all the new tunes on player rolls for them. These Pianos can be purchased at a fraction of their original cost. Terms if desired.

the new moon has been seen, because he received a revelation This was started by Mohammed in this month."

CPL. JUNIUS HARRIS
Somewhere in France: "Have been getting plenty of sleep lately and have just found out that I walk guard tonight, so its a good thing I slept late this morning."

"The cognac here is pure fire water. It makes good fuel for a cigarette lighter. Some of the boys have chugged lips from drinking it straight. Cider, cognac and wine is not plentiful here. The Germans took it all, or so the people claim."

"One morning not long ago I was sleeping peacefully about five a.m. when I was rudely awakened by a big ruddy looking Frenchman with a big white mustache. He had a pot of black coffee in one hand and a cup and a bottle of cognac in the other. He poured about a tumbler full of coffee in a cup and added 1-4 pint of cognac, and as I raised up he poured the mixture down my throat. I spit and spluttered but it was no use. I was half drunk until dinner time. That's the third time that happened to me, but like they say in France, 'It's the war.'"

"Yesterday I wandered over to a farmhouse and while off my guard for a moment was pushed and pulled inside and flopped down on a long bench at a long table along with Papa and Ma. Grandmama, Uncle and Aunt and all the 'Petits.' They gave me a big rubbery pancake about as big as the top of a good sized stove all covered with butter and a large bowl of milk. I couldn't refuse it, without starting a civil war, so I chucked it down and finally managed to leave in a cloud of steam (from my cigarettes which everybody was smoking from Grandma on down) minus all my spare 'K' rations, gum and candy."

"The farm houses are all

Social Happenings

NELL SCULLEN, EDITOR

PHONE 44-W

Mrs. James Darden has returned from a visit to relatives in North Carolina and Tennessee.

Mrs. Louie Walman and son, David, have returned from a visit to relatives in Montreal, Canada and New York City.

Mr. and Mrs. George Williams and son, Lebron, have returned from a vacation trip to Chattanooga, Tenn., and Hot Springs, Ark.

Mr. and Mrs. Harry Johnson have returned from a trip which

included the Church of God convention at Columbus, Ohio and a visit to his sister, Mrs. C. D. Ryan in Detroit, Mich. They were accompanied as far as Columbus by Mrs. Frances Dekle, former pastor of the Church of God here. She has gone to Severeville, Tenn., to be in charge of the Bible school there.

Clarence A. Bailey has gone on a business trip which will include Atlanta, Washington and New York City.

Mrs. Cliff Livingston has re-

turned from a two weeks vacation trip to Hendersonville, N. C.

Miss Ruth L. Logan is visiting friends in Tallahassee.

Miss Marjorie Moore, Cadet Nurse of Washington, D. C. and Miss Sharon Moore of Fredricksburg, Md., are visiting their brother-in-law and sister, Mr. and Mrs. William Schreiber.

Mr. and Mrs. Ivan Van Horn are spending their vacation in Hendersonville, N. C.

LT. Mike Murphy has returned to Columbia, S. C., after visiting his parents, Mr. and Mrs. Mike Murphy, Sr. Mrs. Murphy has gone to Miami to visit relatives before returning to Columbia.

DALRYMPLE-MITCHELL
Mr. and Mrs. H. O. Mitchell of South Bay are announcing the marriage of their daughter, Mary Louise, to Norman Dalrymple at his home in Coral Gables Thursday afternoon, September 7th.

The bride wore an ensemble of dark blue with accessories of white and a shoulder corsage of orchids. She was born in Texas but has spent the past several years here and in South Bay. She attended school in Palooka and graduated from the high school there with the class of 1941. She was employed as secretary to Harold Rabin, Inc., last year.

Mr. Dalrymple is the son of Mrs. Eddie Hanford of Coral Gables. He is associated with Mr. Hanford in the restaurant business.

Those who attended the ceremony from here were Mr. and Mrs. Mitchell, Mrs. Sam Fleming, Miss Grace Denton and Mr. and Mrs. V. C. Denton.

HILL-KINNEY
William P. Hill, Sr., has received word of the marriage of

his son, Pfc. William Hill, Jr., to Anna Elizabeth Dale Kinney of Lake Harbor. The ceremony took place at the Norwood home in Jacksonville on August 28th.

The bride is a daughter of Mr. and Mrs. H. C. Kinney of Lake Harbor. She attended school here and was graduated from the Belle Glade High school last year.

Private Hill has lived here for the past several years and was graduated from the High school last year after which he enlisted for service.

RICHARD PIKE HAS BIRTHDAY
Richard Pike celebrated his 16th birthday anniversary at the home of Philip Clayton at Palm Beach Saturday afternoon.

After swimming the group was served dinner and later attended a picture show. A color scheme of green and yellow was carried out in the birthday cake and decorations.

Mrs. J. A. Pike and Mrs. S. B. Clayton chaperoned the party. Guests attending were Miss Edith Bregger, Miss Dorothy Betner, Miss Peggy Rawls, Miss Joyce Borchardt, Miss Mary Elizabeth Hooker, Miss Mary Kate Barwick, Barnes Creek, George Wedgworth, Joel Bases, Barnes Smith, Philip Clayton and Richard Pike.

DAVID ANDERSON HONORED AT PARTY
Mrs. Frank Anderson entertained at her home Saturday afternoon with a party honoring her son, David, in celebration of his 8th birthday anniversary.

Games were played on the lawn and center prizes were awarded Lee Bradlock, Jane Morris, Suzanne Fave, Jane Webster and Mary Essenden. Favors for the girls were hair ribbons and for the boys whistles.

The birthday cake and refreshments carried out a color scheme of pastel shades. Carolyn Hamilton assisted.

Others attending were Martha Gay Fleming, Gloria Sasser, Betty Lou Seaborn, Jane Allen, Monteen Duallite, Norma Jean Royals, Millicent Nash, Alice Fay Herring, Laurie Anderson, Mike Bangs, John Hehler, LaVon Bass, Irving Metcalf, Charles Hamilton, Harry McDonald and Gail Sasser.

BPI CLUB TO MEET ON TUESDAY NIGHT
After having been disbanded for the summer months the Business and Professional Women's Club will hold its first meeting of the season at the home of Mrs. Ruth Barron Tuesday night at 8:30.

KNIGHT-JANUARY
Mr. and Mrs. Edwin H. January are announcing the mar-

riage of their daughter, Olga Anna to Leiber L. Knight on August 23rd at Murrefreesboro, Ark.

The bride has made her home here for the past four years and was employed at the Telephone office.

Mr. Knight has lived here for several years and is engaged in farming. The couple will make their home in Chosen.

SOUTH BAY BEAN CITY LAKE HARBOR

Hubert Maronle is a patient at St. Mary's hospital in West Palm Beach recovering from an appendectomy.

Willie Clyde and friend, Mr. Buckingham of Miami were the guests of Mr. and Mrs. O. H. Martin Sunday.

Mr. and Mrs. John R. Crow and son of Moore Haven visited Mr. and Mrs. E. M. Willets and Mr. and Mrs. P. E. Goughland Sunday. Mrs. Crow resided in South Bay for the week.

Bill Allen N. A.C. who has been on leave from his base at Corpus Christi, Texas, left on Monday after visiting his parents, Mr. and Mrs. W. C. Allen.

Mr. and Mrs. E. C. Keek, sister, Miss Vera Keek and son, Kenneth Keek all of Orlando, were recent guests of Mrs. Leland Keen and daughter, Patsy.

Miss Ruth Barstow entered the State University of Iowa at Iowa City on August 30 as student in five year U. S. Cadet Nursing Course after spending the summer with her grandmother, Mrs. H. M. West at Creston, Iowa. While at Creston she was enrolled in Victory Farm Volunteers of the U. S. Crop Corps and served on the first girls team in that county. Her brother, Don, also was a Victory Farm Volunteer and worked during the summer in the harvest fields of Southern Iowa.

15 Days Left To Get Your Drivers License

You must have your 1945 drivers license by October 1st or be subject to fine and or imprisonment.

Patrolman Carlisle has made arrangements with Mrs. Katherine Harris, at the Herald Building for new licenses to be issued by mail so that farm hands need not lose time coming to the office and waiting.

All you do is enclose your 1944 license along with the necessary fee and address it to the Harris Insurance Agency and your new license will be sent to you.

Of course if you have no license, then you must take an examination.

Too Late To Classify

By RUSSELL KAY
"R. H. M." is a Harvard graduate and an officer on a Liberty Ship of the United States Merchant Marine. In a letter to the New York Times he gives us an illuminating fact on what a labor organization with a million dollar political pot can do.

On D-Day, "R. H. M." ship along with thousands of others lay off the Normandy coast, under fire from air and shore, waiting to unload troops and cargo.

Above everything else the men waiting their "mail" they had been at sea a long time and had heard nothing from home and loved ones for many weeks. Now into his story, in his own words:

"We have had but one mail delivery, since we left the States last March, so I don't know where my boys, (both in the armed services) are or anything else that is going on at home."

Yet an Army amphibious truck came along side and put aboard our ship, along with some old newspapers, a bundle of C. I. O. news. That turns us up.

"Here we are on invasion front, and yet the CIO, through its political machinations can get its communistic publications delivered over here to the boys and ships of our armed forces and merchant marine—taking up valuable space in ships or planes burning up vitally needed gasoline to deliver in trucks, and the energy and time of two United States soldiers to deliver, who could be more usefully employed."

"It just doesn't add up—and yet we who are out here doing our share, delivering the goods where and as needed, and taking equal chances with the rest of the armed forces, Navy and Army, can't get mail from our families or sons in the service, nor from home or friends. You can imagine how that makes us feel."

"That's election year for you, and the CIO publication was May issue. This union needs serious attention, as you well know."

Number Of Co-Eds Reduced By War

Because of the war the usually high percentage of college students leaving here has been drastically cut to a minimum. There are no boys left for school as the majority of those enlisted for service as soon as they graduated from high school last spring. Some did not even wait to graduate but quit school in the middle of the term to join the Army or Navy.

Many of the local girls are also sacrificing their education for service or for war jobs.

Among those who have gone or are leaving this week for college are Miss Glenna Betner and Miss Connie Smith who will enter their Sophomore year and Miss Betty Ann Hill, Miss Emily Breger and Miss Alice Florio, all freshmen at the Florida State College for Women in Tallahassee; Miss Sylvia Jones, Senior and Miss Helen Jones, Freshman at Stetson University.

CEILING PRICE

(Continued from page one)
On costs, crop hazards, labor and containers in the various parts of the state indicate general agreement that price ceilings ought to be higher.

"We have been advised by OPA that their consultants will be called in for conferences in October, after which representatives of the vegetable industry will be heard, regarding ceilings on the various commodities."

Dwight Rogers, Democratic nominee for Congress from the new Sixth District, and Ralph Wiggins, attorney for the Regional War Labor Board, attended the Cleveland meeting. Wiggins explained to the directors the recent packing house wage order.

What's the Rush?

IT'S THE TELEPHONE RUSH. Every night thousands of service men and women dash to the nearest telephones to talk with families and friends at home. Most of the Long Distance calls from camps and naval stations are crowded into a few short hours.

Many circuits are likely to be crowded at that time and it helps a lot when you keep the lines clear from 7 to 10 for service men and women.

Van Landingham Gives Rotary History of the Local Water Works

Little Doe Van Landingham gave a history of the water works of Belle Glade and some interesting facts about its deplorable condition at present, due to the inadequacy of the plant and the source of supply.

Pointing out that present business will take care of the additional interest on the proposed bond issue, Mr. Van Landingham showed that the water works is a self-sustaining business and gives promise to get better and better as the community grows.
